

1.9 kW SANYO 240 HYBRID PV System Wentnor (Shropshire)

SALOP ENERGY LTD recently carried out this tasteful photovoltaic installation in the beautiful hamlet of Wentnor, South Shropshire.

The small but high powered array of 8 SANYO Hybrid modules were mounted on our clients south facing slate roofed outbuilding.

The system will generate an annual Tax Free income of over £ 853 and produce 1648 kWh of clean free electricity, The annual carbon reduction is 0.87 t CO₂. The inverter and generation meter were also located within the outbuilding
